

SCRUBBER-DRIER
TURNADO 38

The **TURNADO® 38** has the ideal dimensions for small sized rooms with relative limited space. With a cleaning capacity of 1200 square meters and hour, the **TURNADO® 38** outperforms a mop at any time.

A mop is dipped into the same - already dirty - water every time. In doing that, you dispense the dirt across the whole area. In contrary the **TURNADO® 38** is using fresh water at every centimeter of cleaning.

Additionally the floor is dry again immediately. You can use the machine even while the business is running.

Product feature:

- Plastic tank
- Control tower ergonomically designed, adjustable height and angle
- Tool-free changing of brushes
- Charger onboard

Convincing advantages:

- Closed dirt water tank
- Simple, easy handling and support
- Flexible and agile
- No separate tank on the steering column
- Permanently high brush pressure
- Extremely compact dimensions
- Simple service access

Ideal for to clean:

- Smaller retail sales rooms
- Small and misaligned storages spaces
- Hotel and Office entrance areas
- Locker room and restrooms
- Kitchen
- Garages
- Sales room
- and much more

Technical data

TURNADO® 38

Dimensions / volume / weight
